Process

Fill out the online Accreditation Tool on www.esther.ie

The tool is designed to allow partners to self-assess their adherence to each key principle for quality of partnerships. Partners are also asked to state the source of evidence for their answers within each area.

Instant feedback will be provided upon submission of the Accreditation Tool and all applications will be reviewed by ESTHER Ireland.

Outcomes

Partnerships that do not yet meet the criteria for accreditation will be offered a follow-up meeting to discuss their application and recommend steps to gain accreditation in the future.

Partnerships that are successful in gaining ESTHER accreditation will be awarded a written letter and plaque. A certificate will be awarded every 2 years upon reaccreditation.
